

NYS Aid for Building Conditions Surveys

Maximum amount/sq. ft. that NYSED reimburses districts towards the cost of their Building Condition Surveys (BCS).*

Typical amount/sq. ft. many architects charge district clients for BCS services to cover cost of meeting **minimum** SED requirements.

Amount remaining/sq. ft. that can be used by architects to **deliver more value** to district clients with add-on technology systems inspection and document scanning services.

Add a **Technology Conditions Survey** to your BCS services at no cost to your district. Visit archi-technology.com/tcs for details or call **585.785.4429** to discuss your needs.

*Based on NYSED 2020 Guidance.

Connecting people, technology and buildings.
